### School Zone Safety

A reminder to parents about the operation of school speed zones around the Easter holidays. School zones exist for the safety of children and families; they will operate on Thursday 28 March, then resume on Tuesday 2 April. Forty-kilometres-an-hour school speed zones operate across New South Wales at all school sites on gazetted school days, which are all days the school is open, even pupil-free days.

**Practise to be a Journalist**

This website could definitely make practising writing and spelling more interesting for all of us. Make a newspaper clipping with your own headline and story. Your child may even start imagining themselves as a publisher or journalist.

### Safety Locks

Between 2011 and the end of 2012, 39 children aged nine or younger were hospitalised in NSW as a result of window falls. New lock laws in apartment buildings will soon help to keep our children safe. Child safety locks are now required to be installed on apartment windows.

### Back by Popular Demand

Crazy Hat Parade

Our annual K-2 Crazy Hat Parade was held on Tuesday 26 March 2013. The event was a great success with a huge number of parents and caregivers turning up to support our students. The children looked absolutely fantastic in their hats and a surprise delivery of Easter eggs from the Easter Bunny made the day really exciting. Thank you to the P&C for organising our Easter raffle and to all of the families who bought raffle tickets. Happy Easter!
