New Student Report for 2013

Reports will go home to parents/carers for Semester 1 next Tuesday in a new format. For each Key Learning Area the teachers have chosen important indicators to assess the learning of each student. These will be different for the Semester 1 and Semester 2 reports. Against each indicator teachers have graded the learning using the code outstanding, high, sound, basic and limited. This new format provides more information about your child’s learning particularly in English and mathematics.

Another feature of the new report is the last page regarding your child’s social and personal development. Indicators have been reorganised into our Positive Behavioural Intervention and Supports values of be safe, be respectful and aim high.

A reminder that interviews were held at the end of Term 1, if there is anything you are unsure about in the report you can make a time to discuss this with your child’s teacher.
