Dear Parents/Carers,

We are pleased to inform you that we are commencing the Social Skills Program Sport in Schools Australia (SISA) Term 1 Week 3 from 15 February 2016. The program is very exciting and addresses team building and co-operative learning skills whilst also developing trust, sharing, problem solving, self-control and adaptability.

A team of qualified teachers and specialist instructors lead the program with our class teachers working alongside the SISA team. Motivating resources are used innovatively.

We were fortunate to have trialled the program last year which was enjoyed by all students K-6.

The program will be conducted on Mondays and all classes will participate in the program each week. The program will run for 8 consecutive weeks. Children may come dressed in their sports uniform on Mondays.

The cost of the program is $24 in total per child. Please complete the permission slip below and send in the $24 payment in an envelope clearly labelled with your child’s name, class and activity by Friday 12 February 2016.

Sue Hasler
Relieving Deputy Principal
